COMPOSITES INDUSTRY'S MEETING POINT IN EURASIA

3rd International Composites Industry Exhibition Eurasian Composites Show

Eurasian Composites Show, will be gathering the Composites Industry together for the 3rd time in Istanbul between **09 – 11 November 2017**. Concurrently held "5th International Polyurethane Industry Exhibition" **Putech Eurasia** which is listed among the world's leading polyurethane exhibitions will help the visitors and exhibitors of both exhibitions to establish new business relations.

Eurasian Composites Show & Putech Eurasia 2015 Statistics

Eurasian Composites Show & Putech Eurasia 2015 took place on 20,000 m² closed area and featured 155 direct exhibitors from 20 countries and 295 company and company representatives from 39 countries. 5,318 industry professionals which included 823 international visitors from 69 countries visited the exhibitions for 3 days. **Eurasian Composites Show & Putech Eurasia 2015** satisfied both visitors and exhibitors and helped them establish important business connections.

Why are Composites and Polyurethane Exhibitions are together?

The exhibitors of "Polyurethane Industry Exhibition, Putech Eurasia" are the companies that manufacture and sell polyurethane raw materials as well as machinery and equipment to this specific sector. Visitors of the exhibition encompasses the automotive, aviation, defense, white goods, energy, construction, heating and cooling, insulation, shoes, ship and marine industries. Composite materials are used in areas where polyurethane is used. The close affinity of the visitor profiles of these two sectors is the basis for the organization of the Eurasian Composites Show concurrently with the "5th International Polyurethane Industry Exhibition, Putech Eurasia" and the combined events, with the vast number of visitors and participants attending, will constitute the region's largest and most significant "**Composites & Polyurethane Platform.**"

Do not forget to take your place at Eurasian Composites Show 2017!

Do not forget to take your place at the **Eurasian Composites Show 2017**, if you want to take part in this great meeting of the Composite and Polyurethane Sectors and keep up with the competition by establishing efficient business connections with industry professionals from all over the world.

Composite Industry In Turkey

Turkish Composites Industry is growing parallel to global economic progress rapidly. Today the composite material market in the world has reached a volume with a capacity of 66 billion Euros and 8,7 million tons. The composite material market in Turkey has reached a volume with a capacity of 1,4 million Euros and 265.000 tons. Therefore composite sector in Turkey has a greater growth rate than the overall growth in Europe and the world. A growth rate of 8-12 % was attained in Turkey over the last years in close connection with the existing economic conditions. A growth rate of 6 % was attained in Turkey in 2016. A growth rate of 5 % will be expected in Turkey in 2017.

It is estimated that composite sector will reach a volume with a capacity of 10 million tons in the next five years with a 4 % growth. The composite sector in Turkey is expected to grow by 5 % in 2017. If regional stability coupled with stability in the Middle East can be achieved in 2017, alongside Europe showing once again signs of economic vitality, the export performance of our producers will only grow. Today, Composite Sector in Turkey is in balance between 250 million Euro of export and 250 million Euro of import value. Composites Sector in Turkey with the International Turkish Composite Companies makes an indelible impression on international arena.

SCOPE OF EXHIBITS

Raw Materials and Chemicals

Fillers, Raw Materials, Additives, Resins, Thermoplastics

Reinforcements / Fibers

Aramid Fibers, Fiber Glass, Natural Fibers, Rovings, Prepregs, Carbon Fibers, Ceramic Fibers, Semi-Finished Fibers, Other Fibers

Moulding

Injection Moulding, SMC, BMC & DMC, Tool and Mould Making, Resin Transfer Moulding (RTM)

Services

Research Institutes, CAD / CAM, Associations, Distributors, Simulation, Consultants / Experts, Environmental Protection / Energy Saving, Recycling Technologies

Intermediate Products, Semi-Finished and Finished Products

CFRP, GFRP, NFRP Products, Plates, Profiles, Tubes

Processing Procedures

Handy Lay-Up, Injection Moulding, Autoclave, Pultrusion, Spray-Up Chopper, Resin Infusion, Resin Transfer Moulding, Forming

Finishing

Joining, Cutting / Deflashing, Machine Manufacturing, Machines, Equipment, Automated Cutting Systems, Surface Treatment

VISITOR PROFILE

- * Railway Vehicles Sector
- * Marine and Shipbuilding Sector
- * Electrics / Electronics Sector
- * Industrial Equipments
- * Aviation / Aerospace Industry
- * Construction, Building and Isolation Sector
- * Medical Sector
- * Oil and Gas Sector
- * Defense, Security and Ballistic Industry
- * Sports and Entertainment Sector
- * Transportation and Automotive Industry
- * Renewable Energy Sector
- * Other Sectors

EXHIBITOR COMMENTS

AKPA KIMYA - HAYRİ ÖZALP

The exhibition is achieving the objectives progressively. It can be considered as a young exhibition. This year is the 4th year of the fair. It satisfies the expectations every year and it progress in an effective way. There's no difference between this exhibition and the other international fairs about meeting the expectations.

BOYTEK - BERİL DARCAN

It's the second time that we have participated Eurasian Composites Show. When we participated in the exhibition with a vendor of us, we were the only one firm in this sector 2 years ago. This year we saw that there are more firms from composite sector. I hope it will continue extensionally. We're happy because we had pretty much visitors.

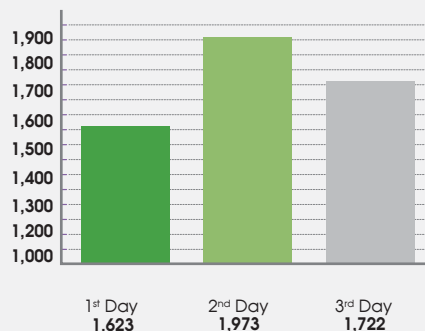

NORD COMPOSITES ITALIA SRL- MATTEO BOLLE

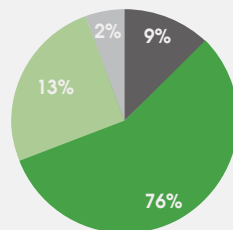

I think we had a quite successful exhibition. We have had the opportunity to meet many potential customers. We hope that we will have good opportunities with these contacts. We have quite positive expectations for the post-exhibition.

PARTICIPATION RATES (RAW SPACE ONLY)

Stand Space (m ²)	Rates
Between 12-25 m ²	180 € / m ² + VAT % 18
Between 26-50 m ²	170 € / m ² + VAT % 18
Between 51-90 m ²	160 € / m ² + VAT % 18
91 m ² and over	150 € / m ² + VAT % 18

Registration Fee	100 € + VAT % 18
Electricity Connection Fee	20 € / 1kW + VAT % 18
Compressed Air Connection Fee	75 € + % 18 KDV
Water Connection Fee	75 € + % 18 KDV

Extra Furniture based on the Stand m ²		
12 - 20 m ²	21 - 40 m ²	41 m ² and above
1 Table (103)	2 Tables (103)	3 Tables (103)
3 Chairs (309)	6 Chairs (309)	9 Chairs (309)

PACKAGE STAND OPTIONS

Package Stand: White 35 € / m²

Colour Options for the Fascia Board
Blue / Red / Green / Orange / Yellow

Package Stand Includes:

- 1m² Closed area with a lockable door
- 1 Table (103)
- 3 Chairs (309)
- 1 Dustbin (318)
- Spotlight (100W) for every 4 m²
- 1 Three Pin Plug (Power Supply)

Package Stand: Europe 55 € / m²

Colour Options for the Fascia Board and Vertical Edges

Blue / Red / Green / Orange / Yellow

Package Stand Includes:

- 1m² Closed area with a lockable door
- 1 Table (103)
- 3 Chairs (309)
- 1 Counter (209)
- 1 Dustbin (318)
- 1 Clothes hanger (315)
- Spotlight (100W) for every 4 m² of stand space
- 1 Three Pin Plug (Power Supply)

Package Stand: Asia 65 € / m²

Colour Options for the Fascia Board
Blue / Red / Green / Orange / Yellow

Colour Options for Vertical Edges

Blue / Red / Green / Orange / Yellow

Paket Standa Dahil Malzemeler:

- 1m² Closed area with a lockable door
- 1 Table (103)
- 3 Chairs (309)
- 1 Counter (209)
- 1 Dustbin (318)
- 1 Clothes hanger (315)
- Spotlight (100W) for every 4 m² of stand space
- 1 Three Pin Plug (Power Supply)

* Package Stands include 1kW electricity. Additional electricity can be ordered.

** Package Stands include standard grey carpets
